INDEX

(The numbering system used in this index is alphabetical instead of numerical, starting with Nicholas Baucom as "a.". His children in presumed or known order of birth are :"aa.", "ab.", "ac.", etc. The children of "ac." are "aca.", "acb." etc. Again a letter is added in presumed or known order of birth. The number of letters will tell you how many generations the person is removed from Nicholas.

The unconnected Baucoms by whatever spelling are identified by "A-001.", "A-102.", etc. followed by the letter designation of each generation in the known or presumed order of birth.

If the desired name is not found in one spelling of the Baucoms, try other variations, such as Baucum, Bawcom, Bawcum, Balcombe, Balckom, etc.)
